2. Consequences Leading to Possible Removal and Expulsion

The staff shall have the right to ensure that all STAMP participants are safe throughout the program

- a. Participants may be removed from participating in the events for conduct that endangers persons or property; behavior that is seriously disruptive to the educational process, or that violates a publicized policy of STAMP
- b. This includes disruptive behavior during STAMP activities whether they happen in the STAMP facilities, while travelling, on field trips or under other circumstances
- c. Parents/guardians will be notified first (with a warning), if a participant is having difficulty controlling their behavior

“EXPULSION” means the exclusion of a participant from the STAMP program. This is a situation under which the continued presence of the child/teen in the STAMP program imposes such a danger to the persons or property or such a disruption of the educational process that an “expulsion” must be issued.

In the event of expulsion, the child/teen will not be allowed to continue in the STAMP program. The parent/guardian is responsible for the care, transportation and other arrangements for the child/teen. There will be no refund and all resulting expenses are the responsibility of the parent/guardian.
